

Salve (hello) parents and carers,

Due to our current situation with many students not attending school, I have been uploading lessons on Google Classroom. Every student has received an email inviting them to the Language Google Classroom along with the code **pcbeayn**.

In addition to this I have organised all Yr. 7 students on Duolingo Schools, an app to learn language. I will post all student username and passwords on Google Classroom shortly. This app can be used on any Android phone that has data or Wi-Fi.

I apologise for just how technology driven these activities are, unfortunately due to the aural nature of the subject, it is extremely difficult to teach language using a hardcopy of tasks.

If you have any questions or concerns please contact me at school (49872306) or by email (catherine.barwick3@det.nsw.edu.au).

Grazie (thank you),

Catherine Barwick
