ONLINE SERVICES 2018

The Department of Education provides students with access to the internet, a customised Gmail account and online applications such as Google Apps. These resources enable students to collaborate with peers, publish online and create personalised research portals.

When accessing some online services your child's data, including but not limited to, your child's name and works may be shared with and stored in a location outside of the Department of Education environment.

For parent/carers who decline consent for their child to access DoE Online Services, they will need to understand the implications for their child. The student will not be provided with a Department of Education (DoE) account. The student would then **NOT** be able to log in to the DoE network or access:

- DoE student portal
- DoE student email (facilitated via Google Apps)
- Connection to any Bring your Own Device (BYOD) to the DoE network
- Other Google Apps provided by DoE
- Log in to or participate in the Premier's Reading Challenge via the website.

Please complete and return permission slip to the school office by *March 2 2018*.

Yours sincerely

Deb Dibley
